CAREER OBJECTIVE

Dynamic software engineering professional with expertise in Python, JavaScript, and web development, seeking a challenging role to drive innovation and make a meaningful impact. Motivated by a passion for technology and a strong problem-solving mindset. Eager to contribute transferable skills and a fresh perspective to excel in the software engineering field

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript
- **Web Development:** HTML, CSS, React, Vite
- **Server-Side Technologies:** Node.js, Express.js
- **API Development:** RESTful APIs
- **Database:** MongoDB
- **Version Control:** Git
- **Problem-Solving and Troubleshooting Software**
- **Communication and Customer Service**
- **Leadership and Team Management**

ENGINEERING PROJECTS

ChatGPT Website

June 2023

- Created a ChatGPT website using the OpenAI API, enabling features such as photo generation, chatbot capabilities, code debugging, and content creation, utilizing React
- Developed the frontend using React to create an intuitive and user-friendly interface
- Integrated the OpenAI API to enable chatbot functionality, allowing users to interact and obtain responses in real-time
- Implemented photo generation using the OpenAI API's image generation capabilities
- Utilized code debugging techniques to enhance the user experience and provide efficient troubleshooting support
- Collaborated with a diverse team of developers to ensure seamless integration of various features and optimize website performance

Parshisi Star Game

May 2023

- Developed a up to four-players Parshisi Star game using JavaScript, showcasing strong problem-solving and programming skills
- Implemented game logic, user interface, and interactive features to enhance the gaming experience
- Utilized HTML, CSS, and JavaScript to create an engaging and responsive game interface
- Conducted thorough testing and debugging to ensure a smooth and error-free game play
- Collaborated with teammates to optimize code efficiency and improve overall game performance
